

REMEDIAL SITE ASSESSMENT DECISION - EPA REGION II

Site Name: Alsy Manufacturing EPA ID#: NYD981184237 State ID#: 130027

Alias Site Names:

City: Hicksville County or Parish: Nassau State: NY

Refer to Report Dated: 93/09/20 Report type: ESI

Report developed by: Pirnie

DECISION:

| | 1. Further Remedial Site Assessment under CERCLA (Superfund) is not required because:

| | 1a. Site does not qualify for further remedial
site assessment under CERCLA
(Site Evaluation Accomplished - SEA)

| | 1b. Site may qualify for further
action, but is deferred to:

|X | 2. Further Assessment Needed Under CERCLA:

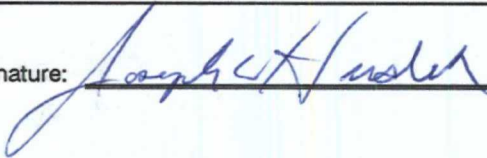

2a. Priority: | | Higher |X | Lower

2b. Other: (recommended action)

DISCUSSION/RATIONALE: Former areas of soil contamination have been covered by blacktop parking lot, precluding much chance for soil and overland surface water runoff to occur. Groundwater has received discharges of heavy metals and solvent/degreasers. Onsite facilities have been often cited for violations of their SPDES permit and by the Nassau County Health Department. There are 152,729 people on groundwater drinking wells within four miles of the site. The area is a wellhead protection area. Twelve people live within 200 feet of the site and about 100 workers are onsite. There are no schools or daycare centers within 200 feet.
